Data Cleaning, Report Automation, Dashboard Creation Core, Business Analysis

Soft Skills
Analytical Thinking, Curiosity, Problem-Solving, Team Collaboration

WORK EXPIERENCE

Associate Engineer, *Emerson*

10/2024 – Present | Pune, India

- Identified data anomalies in pricing and product records, ensuring high data accuracy.
- Automated daily log and monthly report generation using Excel, VBA, and Power BI, improving project tracking and boosting team efficiency.

Graduate Trainee Engineer, *Emerson*

09/2023 – 09/2024 | Pune, India

- Validated and uploaded product data into the pricing database by cross-checking specifications and dimensions, ensuring high data accuracy.
- Cleaned and transformed datasets using Power Query and built Power BI dashboards to present actionable insights for top-level management.

Application Engineer Apprentice, *Emerson*

09/2022 – 09/2023 | Pune, India

- Analyzed product data to support accurate pricing and quotations for mechanical valves and actuators.
- Partnered with cross-functional teams (Engineering, Sales, Supply Chain, Procurement) to streamline quotation workflows and ensure data accuracy.
- Supported sales processes by preparing data-driven insights to resolve customer queries efficiently.

ACHIEVEMENTS & CERTIFICATIONS

Outstanding Performance in Process Improvement and Contribution in Project, *Emerson*

SQL INTERMEDIATE, *Hackerrank*

EDUCATION

Bachelor of Engineering in Mechanical Engineering and Minors in Internet of Things (IoT), *Pune University*

08/2018 – 08/2022 | Pune, India
 (CGPA 8.92/ 10.0)

SELF - PROJECTS

- Built an interactive stock market analysis dashboard using Python, yfinance API, and Streamlit, managing version control with GitHub and leveraging GenAl tools like ChatGPT to integrate APIs and generate actionable insights.
